I proofed everything that came in on Friday and put it into the master list and updated the agenda. I'm printing off what I have now to take up to Shaun – we don't have a few items from EPR but I don't want to wait any longer to get the package upstairs.

Thanks

D

I have not yet reviewed – can Debra proof as we check for content and completeness?

These versions have the write-up that Nancy sent this afternoon

(Anthony noted that this could be a regular TC rather than VTC as there are no slides or special video needs. That RC could stretch time because there are rarely glitches)
